

Introduction to Programming: *The Robot*

Made By: *Mr. Thompson*

Your job is to get the robot to his home (🏠).

But first, you have to stop and get him some energy (🔋) for his wife and children.

You can use the basic commands, "fd", "rt", and "gt". Good luck!

To get the robot home you need to give him the right commands – be careful, if he touches the wall, he dies!

Number of Commands:
